

"Independence is not just a date on the calendar — it is a reminder of the sacrifices made, the courage shown, and the responsibility we carry to keep our nation's spirit alive every day."

Respected Dean,

We, the members of the Coding Ninjas CUIET family, extend our heartfelt wishes and respectful greetings on the proud occasion of Independence Day.

This historic day marks the birth of a free nation, achieved through immense sacrifice, unity, and determination. It is a celebration of our hard-earned liberty and a reminder of the values that form the foundation of our democracy — justice, equality, and fraternity. Beyond the tricolor and festivities, Independence Day calls us to honor the vision of those who dreamed of a strong, self-reliant, and inclusive India.

The relationship between a mentor and students reflects the very spirit of Independence in meaningful ways. Just as our freedom fighters guided the nation toward self-reliance and growth, mentors guide their students toward knowledge, confidence, and independence of thought. Your leadership, encouragement, and dedication empower us to take responsibility for our learning, think critically, and contribute meaningfully to society. You help us understand that true freedom comes with discipline, purpose, and a commitment to the greater good.

On this special day, we express our deep gratitude for your role in shaping us into capable and responsible individuals. May the spirit of Independence inspire us all to uphold the values of integrity, perseverance, and service — and may your guidance continue to be a beacon that lights our path toward success.

Thank You for being a constant source of support, wisdom, and inspiration.
